Wildwood**

Nature Walks

From the mountains, to the waterfalls, to the coastal boardwalks, South Carolina offers a wide variety of opportunities to enjoy a walk in nature. Explore with us the unique wildlife, history and geographical features of our state. For beginners with little to no experience.

Fishing Rodeos

Have your kids practice their fishing techniques at one of our state-wide fishing rodeos! They can even keep their catch at some locations. No fishing gear? No worries, you can borrow ours. For kids aged 5-15. Minors must be accompanied by an adult.

Fishing Clinics

It's more than fishing 101, this program offers individuals and families hands-on experience learning and practicing basic fishing techniques. Taught by SCDNR-certified fishing instructors, this class covers the fundamental skills you need to try fishing on your own.

Take One Make One

Participants not only learn how and when to take the shot for hunting, but also firearms safety and hunting ethics from experienced mentors. It's a great way to learn new skills, build confidence, and gain new-found respect for the great outdoors. For youth and college students new to hunting.
