Catch me... If You Can?

By Shirley Clark

Oh! What a busy summer with SC Reel Kids we have had. They have kept us busy so that wasn't bad! In June there was a workshop of Fishing 101 It included a group of boy scouts who had lots of fun. They tied their hooks with a palomar knot; And they were ready to fish cause the fishing was hot! With the hook, line and sinker they set-up their rod And then their instructors gave them the nod. They attached their weights to keep the bait in the water And live bait such as worms or crickets they used as starters. Then they dashed off to the pond with their tackle box and pail. In hopes of catching that big one for their famous fish tale.
