

JANUARY 4, 2012

ADDENDUM NO. 1

to the following Invitation for Bids:

SOLICITATION NUMBER: IFB NO. S2S -3

DESCRIPTION OF WORK: Installation of Residential Septic Systems

DATE: December, 12, 2011

PLEASE NOTE THE FOLLOWING INFORMATION THAT WAS DISCUSSED AT THE 12/19/11 PRE-BID CONFERENCE, AS IT MAY IMPACT YOUR BID:

1. Include the cost of covering the completed septic system with winter rye grass seed (or other appropriate seasonal grass seed) and hay in your bid for each site.
2. For site #4 (Elenora Jenkins), the old drainfield bed may be sealed, so it must be broken up for new infiltration to occur if the new bed is to be constructed on top. The old bed can be broken up and left in place with the new bed constructed on top using appropriate fill material (please discuss with DHEC for proper procedures). Or, if the old bed material needs to be removed from the site, it must be disposed of in a permitted landfill facility, and proof of proper disposal must be obtained.
