

Check list of Questions:

- Is it jurisdictional wetlands?
 - If no then there is no need for 404 (ACOE) or 401 (BOW) permit and only need a CZC if land disturbance is involved
 - If yes, but less than ½ acre then it may be covered under the NWP if it meets national and regional criteria (<http://www.sac.usace.army.mil/?action=permits.nationwide>) (may still want a pre construction notification)
 - If yes needs a 404 permit and 401 certification needed
- Is it in the critical area?
 - If no then OCRM does not need to give a critical area permit and BOW is lead DHEC agency
- Is it in the coastal zone?
 - If yes, then BOW or OCRM will need to grant a CZC consistency certification
- Is there land disturbance involved?
 - If yes, but less and 1 acre than an OCRM land disturbance permit is not required
 - If yes, then OCRM land disturbance permit is required
