ITEM II - COMMENTS

Dr. Timmerman informed the Commission that we are working with the Senate Finance Committee on the Department's budget and the Subcommittees are currently working on the Department's budget and provisos. He noted that the Subcommittee members consisted of Senators Leventis, Peeler, McGill and Reese, and he encouraged any Commissioners that had contact with these individuals to discuss our budget needs with them.

Dr. Timmerman noted that the restructuring legislation is currently in the Senate and that it is not likely that the Senate will adopt this legislation this year. Dr. Timmerman went over the Department's involvement with restructuring in the Senate, and he noted that the Senate is currently holding a number of hearings regarding the restructuring legislation.

Dr. Timmerman distributed a copy of the quarterly vehicle accident report to the Commissioners for their information.

ITEM III - LEGISLATIVE REPORT

Dan Dobbins distributed a new legislative report to the Commission for their information and went over this report briefly. Mr. Dobbins noted that S.472 has passed the Senate and is currently in the House, and this Bill would prohibit the use of airboats on the waters of the Waccamaw, the Great Pee Dee, the Little Pee Dee, the Black, and the Sampit Rivers in Georgetown and Horry counties. Following discussion, the Commission adopted a motion to support this legislation as written.

He noted that tests were conducted in late March and early April, and he distributed information concerning the results from these tests (copy attached to original Commission minutes). Mr. Jobsis presented a video to the Commission on these tests and noted that we would continue to follow the testing very closely on the pumpback project.

ITEM V - NEW BUSINESS

A. Proposed Easement - Styx Fish Hatchery: Benny Reeves noted that a proposed easement at the Styx Fish Hatchery had been sent to the Commission for their consideration (copy attached to the original Commission Minutes). C. Advisory Board Reports:

1. Wildlife & Freshwater Fisheries: Commissioner Haynsworth noted that the Board meet last week and discussed the Bill introduced by Representative Hodges which would take away the Commission's authority in Game Zones 2 and 4. 3. Marine Recreational Fisheries Advisory Board:

Russell Patterson, Chairman of the Board, presented an overview of the Board and its actions on proposed projects and the use of Marine Recreational Fishing Stamp funds collected over the past two years. He noted that a detailed proposal and review process has been devised and he asked for any input from the Commission on proposed projects and expenditure of these funds by May 4, 1993.

D. OTHER REMARKS: Dr. Timmerman noted that a reduction in the Documentary Stamp Tax Funds had been made recently by the SC Tax Commission and Check-Off Funds for the nongame and endangered species programs had been dwindling as new check-offs had been included on the state tax form.
