

MINUTES OF MEETING OF WILDLIFE RESOURCES COMMISSION IN DORCHESTER, JANUARY 28, 1966

Present were Commissioners Parler, Cantey and Oliphant, Directors Webb and Lunz, Pat Ryan and Allison Fickling.

The minutes of the previous meeting were approved.

The Toomer vs. Toomer matter came up and it was agreed that the Commission should issue a rule to show cause why the lease in dispute between Toomer and Toomer should not be cancelled and the area opened for leasing. Mr. Parler signed the paper and said a date would be set.

Mr. Parler asked Dr. Lunz to talk with Mr. Coleman of the Attorney General's office and advise the Commission as to what should be done on certain cases in dispute; and also to look into all pending cases.

The appointment and reappointment of several game wardens was approved.

Mr. Webb said that an amendment to the appropriations bill increased the Outdoor Recreation appropriation from \$30,000 to \$40,000.
