Dr. Timmerman informed the Commission that we have received preliminary federal fund allocations for the Pittman-Robertson and Dingell-Johnson Funds. The Pittman-Robertson funds are about the amount we had estimated and the Dingell-Johnson funds are somewhat lower than anticipated.

Dr. Timmerman distributed a copy of the notes from the recent Directors' Staff Meeting and went over these with the Commission. Dr. Timmerman recognized the service and dedication of the late Oscar Sullivan and noted that he will be missed. The Commission unanimously adopted a motion for the Executive Director to develop the appropriate resolution to send to the family on behalf of the Commission to recognize the service and dedication of Oscar Sullivan. In the

Staff Meeting notes, Dr. Timmerman noted that we are conducting an in-depth study of our personnel function and a copy of the study format was distributed to the Commission.

Dr. Timmerman noted that we have been informed that we may have a 1-2% budget reduction this year. In the Department, we have set aside 2% internally in anticipation of this reduction. Dr. Timmerman distributed a list of the license collections through the end of September noting that collections are down about \$150,000. This matter will be closely reviewed next month to determine if we need to hold back on our revenue.
