MEMORANDUM

TO: Heritage Trust Advisory Board
FROM: H. Wayne Beam
SUBJ: Next Meeting

At the July 21 meeting the possibility of holding the next meeting in conjunction with one of the events planned for The Nature Conservancy's annual meeting in Charleston on October 20-22 was discussed. It was left to the staff to determine how this might best be done.

The events of most interest are the outings listed below:

Thursday, October 20

12:30 pm - 4:30 pm trip to Four Holes Sanctuary

11:00 am - 4:30 pm boat trip to Capers Island

Friday, October 21

8:45 am - 3:30 pm trip to Santee Coastal Reserve,
including a shellfish picnic.

Saturday, October 22

11:00 am - 4:30 pm trip to Drayton Hall and Middleton
Place

Of these, the October 21 trip to the Santee Coastal Reserve holds the most promise in terms of fitting into everyone's schedule and minimizing transportation problems. We are welcome to attend any of the other events, but in order to avoid the \$75.00 registration fee we must arrange our own transportation.
