

Accept the Natural Challenge

SC ENVIROTHON COACHES TRAINING

Saturday, February 4, 2023

Envirothon is a hands-on outdoor competition geared towards teaching high school students about the environment and natural resources. Teams of students are tested on their knowledge of aquatics, forestry, soils, wildlife, a current environmental issue and an oral presentation. The 2023 current issue is *Adapting to a Changing Climate*.

This competition encourages the leaders of tomorrow to learn all sides of an environmental topic so they are able to make informed decisions. If you are a teacher or club leader with students that are interested in participating, you are invited to this **FREE** training on Saturday, February 4, 2023. This training will include what to expect competition day, the current topic scenario, and potential exam materials.

Coaches are not obligated to bring a team if attending this training!

**To attend, submit this form no later than Monday, January 30, 2023
to Brooke Myres, SCDNR via email: myresb@dnr.sc.gov or
mail: PO Box 167, Columbia SC, 29202**
