

Accept the Natural Challenge

SC ENVIROTHON COACHES TRAINING

Saturday, February 1, 2025

Envirothon is a hands-on outdoor competition geared towards teaching high school students about the environment and natural resources. Teams of students are tested on their knowledge of aquatics, forestry, soils, wildlife, a current environmental issue and an oral presentation. The 2025 current issue is *Roots and Resiliency: Fostering Forest Stewardship in a Canopy of Change*.

This competition encourages the leaders of tomorrow to learn all sides of an environmental topic so they are able to make informed decisions. If you are a teacher or club leader with students that are interested in participating, you are invited to this **FREE** training on Saturday, February 1, 2025. This training will include what to expect competition day, the current topic scenario, and potential exam materials.

Coaches are not obligated to bring a team if attending this training! Conservation District employees are welcome!

To attend, submit this form no later than Friday, January 24, 2025 to

Jordan Baker, SCDNR via email: bakerj@dnr.sc.gov or

via mail: 5 Geology Road, Columbia SC, 29212
