

Rock Your Presentation

Online training for those who present complex topics in virtual and in-person settings!

November 9, 2022
1:30 PM - 4:30 PM
Hosted on GoToMeeting
Registration Required

Do you need to communicate research, regulations or other complex topics to audiences who are not experts in your field via presentations? This online training is for scientists and state or local government staff who want to knock their next presentation out of the park.

Agenda

1:30 PM - Before, During and After Your Presentation

- Knowing and engaging your audience
- Learning objectives
- Outline to Presentation process
- Presentation delivery

3 PM - Break

3:15 PM - Presentation Design

- Graphic design basics
- Sourcing graphics and photos
- PowerPoint tips

Trainers: Abi Locatis Prochaska and Jessica Kinsella, Coastal Training Program and Stewardship Coordinators for the ACE Basin NERR. We see and give a *lot* of presentations. We've seen (and given) bad ones. We've seen (and given) great ones. We want you to be great.
