

MARIA LUCIA NEGREIROS FRANSOZO

Professional address: Universidade Estadual Paulista, Instituto de Biociências,
Departamento de Zoologia.
18618-000 Botucatu, Sao Paulo – Brasil
website: www.ibb.unesp.br
email: mlnf@ibb.unesp.br

Summary

Academic degrees:

Master Science (1980) and Doctoral Science (1984) degree in Invertebrate Zoology by Universidade Estadual Paulista, Rio Claro, Sao Paulo, Brazil.

Pos-Doctoral Science Thesis (1997) in Invertebrate Zoology by Universidade Estadual Paulista, Botucatu, Sao Paulo, Brazil.

Publications

87 published papers on Crustacean Biology

8 chapters on Crustacean Biology

233 presentations in congresses or meetings.

Advisor of:

17 Master Science thesis (concluded) and 4 still running

7 Doctoral Science thesis (concluded) and 3 still running

Administration positions:

Coordinator of the Graduation course in Zoology during 6 consecutive years.

Editor of the Brazilian Journal of Crustacean Biology: *Nauplius*, sponsored by the Brazilian Crustacean Society,

Others:

Included in the National Brazilian team of researchers (CNPq = National Council of Research and Technology)

Senior researcher of a State foundation (FAPESP = Sao Paulo State foundation for research development)

Selected published papers and chapters on biodiversity, larval and juvenile development of Decapods (only those in English)

Negreirosfransozo, M. L., A. Fransozo, and N. J. Hebling. 1989. Larval development of *Persephona mediterranea* (Herbst, 1794) (Brachyura, Leucosiidae) under laboratory conditions. *Crustaceana*, 57(2):177-193. Leiden, The Netherlands.

Fransozo, A., F. L. M. Mantelatto, and M. L. Negreirosfransozo. 1990. Larval development of *Hexapanopeus paulensis* Rathbun, 1930 (Crustacea, Brachyura, Xanthidae) under laboratory conditions. *Revista Brasileira de Zoologia*, 7(1/2):31-45. Sao Paulo, Brazil.

Negreirosfransozo, M. L., and A. Fransozo. 1991. Growth and age determination of three juvenile crab species (Crustacea, Decapoda, Brachyura). *Papéis Avulsos de Zoologia*, 37(18):277-283. Sao Paulo, Brazil

Negreirosfransozo, M. L., and A. Fransozo. 1991. Larval stages of *Epialtus brasiliensis* Dana, 1852 (Decapoda, Brachyura, Majidae) reared in the laboratory, with notes on characters of the Majid Subfamilies. *Crustaceana*, 60(2):200-212. Leiden, The Netherlands.

- Hiyodo, C. M., A. Fransozo, and M. L. Negreirosfransozo. 1994. Larval development of the spider crab *Acanthonix petiverii* H. Milne-Edwards, 1834 (Decapoda, Majidae) in the Laboratory. *Crustaceana*, 66(1):53-66. Leiden, The Netherlands.
- Negreirosfransozo, M. L. 1996. The zoea I of *Charybdis helleri* (A. Milne-Edwards, 1867) (Decapoda, Portunidae) obtained in laboratory. *Nauplius*, 4:165-168. Rio Grande, RS, Brazil.
- Fransozo, A., and M. L. Negreirosfransozo. 1997. Larval stages of *Pyromaia tuberculata* (Lockington, 1877) (Decapoda, Majidae, Inachinae) reared in the laboratory. *Crustaceana*, 70(3):304-323. Leiden, The Netherlands.
- Fransozo, A., J. A. Cuesta, and M. L. Negreirosfransozo. 1998. First zoeal stage of two species of Grapsidae (Decapoda, Brachyura) and a key to such larvae from Brazilian coast. *Crustaceana*, 71(3):331-343. Leiden, The Netherlands.
- Flores, A. A. V., M. L. Negreirosfransozo, and A. Fransozo. 1998. The megalopa and juvenile development of *Pachygrapsus transversus* (Gibbes, 1850) (Decapoda, Brachyura) compared with other Grapsid crabs. *Crustaceana*, 71(2):197-222. Leiden, The Netherlands.
- Pohle, G., F. L. M. Mantelatto, M. L. Negreirosfransozo, and A. Fransozo. 1999. Decapod Larvae. In *South Atlantic Zooplankton*, Boltovskoy, D. (Ed.) ed. Vol. 1, pages 1281-1351. Rotherdam, The Netherlands
- Negreirosfransozo, M. L., and A. Fransozo. 2001. Larval development of *Epialtus bituberculatus* H. Milne-Edwards, 1834 (Crustacea: Decapoda:Brachyura:Majidae) with comments on Majid larvae from the southwestern Atlantic. *Proc. Biol. Soc. Wash*, 114:120-138. Lawrence, Kansas, USA.
- Fransozo, A., M. L. Negreirosfransozo, J. W. Martin, and S. E. Trautwein. 2001. Morphology of the first zoeal stage of *Platypodiella spectabilis* (Herbst, 1794) Decapoda, Brachyura, Xanthidae) obtained in the laboratory. *Gulf and Caribbean Research*, 13:79-85. USA.
- Negreirosfransozo, M. L., J. I. Gonzálezgordillo, and A. Fransozo. 2002. First larval stage of *Exhippolysmata oplophoroides* (Holthuis, 1948) (Crustacea, Decapoda, Caridea, Hippolytidae) obtained in laboratory. *Nauplius*, 10(1):67-71. Sao Paulo, Brazil.
- Fransozo, A. and M.L. In press. Negreirosfransozo. First zoeal stages of *Paractaea rufopunctata* (Crustacea, Xanthidae) obtained in laboratory. *Nauplius*, Brazil.
- Anger, K., Negreirosfransozo, M. L. and A. Fransozo. In prep. Juvenile development of *Armases windsor* and *Metopaulias depressus* (Crustacea, Grapsoidea) reared in laboratory.
